

**FORMATO EUROPEO  
PER IL CURRICULUM  
VITAE**

**PERSONAL INFORMATION**

Name	Valeria Tosello
Institute	Istituto Oncologico Veneto
Address	Via Gattamelata 64, 35128 Padova
Phone	0498215895
E-mail	valeria.tosello@iov.veneto.it

**WORK EXPERIENCE**

- |                   |  |
|-------------------|--|
| • Date            | November 2013-   |
| • Institute       | Istituto Oncologico Veneto, IRCCS  |
| • Position        | Dirigente Biologo (Molecular Oncology/Laboratory Head)   |
| • Main activities | - Research activity: study of the molecular mechanisms responsible for T-lymphoblastic leukemia progression.<br>- Diagnostic activities: molecular tests for the diagnosis of lymphoma (BCL1/BCL2 traslocations; clonality assessment in lymphoproliferative disorders). |
| • Date            | February 2012-November 2013  |
| • Institute       | Istituto Oncologico Veneto, IRCCS  |
| • Position        | Research scientist (project contract)  |
| • Main activities | Study of the molecular mechanisms responsible for T-lymphoblastic leukemia progression.  |

**EDUCATION AND TRAINING EXPERIENCE**

- |                   |  |
|-------------------|--|
| • Date            | December 2005-August 2011  |
| • Institute       | Columbia University, New York, NY 10032, USA   |
| • Position        | Research Scientist- Fellow   |
| • Main activities | - Analysis of T regulatory cells in ovarian cancer (Prof. Valmori D. Laboratory)<br>- Studies focused on understanding the molecular mechanisms responsible of the pathogenesis of T-cell acute lymphoblastic leukemia (Prof. Ferrando A., laboratory) |

- Date June 2000-November 2005
  - Institute Department of “Scienze Chirurgiche, Oncologiche e Gastroenterologiche”, University of Padua
  - Position Fellow
  - Main activities Research activity:
    - phenotypic and functional characterization of dendritic cells derived in vitro with IFN $\alpha$ .
    - characterization of cancer stem cells in ovarian cancer specimens.
    - scientific collaborations in projects centered on molecular oncology and tumor immunology
- 
- Date June 1999-May 2000
  - Institute Department of “Medicina Sperimentale e Diagnostica”, University of Ferrara
  - Position CNR Fellow
  - Main activities Research activity centered on the isolation of monoclonal antibodies specific for the purinergic receptor P2X7.
- 
- Date March 2003
  - Institute University of Padua.
  - Subject Biology
  - Qualification Board certificate (Biology)
- 
- Date March 1998
  - Institute Department of “Scienze Biomediche Sperimentali”
  - Subject Pathology
  - Qualification Laurea in Scienze Biologiche: 110/110 cum laude

FIRST LANGUAGE **ITALIAN**

OTHER LANGUAGES **ENGLISH: FLUENT**

## ADDITIONAL INFORMATION

- Author of 41 scientific papers published in ISI-JCR referenced journals. H-index = 25
- Member of the European Association of Hematology (EHA).

Padua, September 7<sup>th</sup> 2017
